Services we provide

We provide financial advisory services to individuals, families and business owners to help them plan and track their financial and lifestyle goals. We help them clarify both their current circumstances and future priorities, and then advise and arrange their finances to maximise the probability of them achieving their lifestyle aspirations.

Statement of Advice / Record of Advice

We will provide you with a Statement of Advice (SoA) when we first provide you with financial product advice. The SoA will explain the basis for our advice, the main risks associated with the advice, the cost to you of implementing the advice, the benefits we receive and any conflicts of interest which may influence the advice.

We may provide further advice to you to keep your financial plan up to date for changes in your circumstances, changes in legislation that may impact you and changes to financial products.

If we provide further advice it will typically be documented in a Record of Advice (RoA) which we retain on file. You can request a copy of the RoA document at any time up to 7 years after the advice is provided by asking us directly, or by sending us a request in writing via letter, email or fax.

Product Disclosure Statement

Where we provide you with advice on managed funds or personal risk insurance we will provide you with a Product Disclosure Statement. This contains information to help you understand the product being recommended.

Credit Proposal / Preliminary Credit Assessment

Whilst the circumstances are very rare, if we provide you with credit assistance, we will provide you with a Credit Proposal which sets out the fees and charges for our services and the referral party payments that we will receive. We will not charge you a fee or receive any commissions (or other payments) where we provide you with credit assistance.

Where we recommend a credit contract, we will prepare a Preliminary Assessment which considers the suitability of the contract for you. The Preliminary Assessment is available to you on request at any time up to 7 years after we provided you with the Credit Proposal.

When we provide you with credit services it will typically be in relation to the credit products of the 4 main banks (NAB, CBA, Westpac and ANZ) plus Bankwest and Bank of Queensland.

Tailored financial advice

We will provide you with advice that is suitable to your needs and financial circumstances. To do so, we first need to find out your individual objectives, financial situation and needs before we recommend any financial products or services to you.

We follow the six-step financial planning process as recommended by the Financial Planning Association of Australia (FPA).

1 DEFINING THE SCOPE OF ENGAGEMENT

Your planner should explain the process they will follow, find out your needs and make sure they can meet them. You can ask them about their background, how they work and how they charge.

3 ASSESSING YOUR FINANCIAL SITUATION

Your planner will take a good look at your position – your assets, liabilities, insurance coverage and investment or tax strategies.

5 IMPLEMENTING THE RECOMMENDATIONS

Once you're ready to go ahead, your financial plan will be put into action. Where appropriate, the planner may work with other professionals, such as an accountant or solicitor.

2 IDENTIFYING YOUR GOALS

You work with the planner to identify your short and long term financial goals – this stage serves as a foundation for developing your plan.

4 PREPARING YOUR FINANCIAL PLAN

Your planner recommends suitable strategies, products and services, and answers any questions you have.

6 REVIEWING THE PLAN

Your circumstances, lifestyle and financial goals are likely to change over time, so it's important that your financial plan is regularly reviewed, to make sure you keep on track.

You can provide instructions to us in writing, via phone or via email/fax. Please note you are responsible for ensuring your instructions do reach us.
